

STRUCTURED MINERAL WATER

HIDRO⁺ HangOVER WATER

DESCRIPTION HangOVER WATER

Pure, Structured, Alkaline, Mineral Water with **Ultra High Mineral Content**

- Hangover Recovery within 30 minutes
- Relieves Headaches/Migraines
- Restores Liver Stress
- Re-energises the Body
- Salty taste - very high in minerals

- **PET plastic bottle-packs** are cold-wrapped to prevent plastic toxins leaching into the water.

- The Minerals replenish the much needed **electrolytes required for re-hydration**.

- Restores liver stress by **detoxifying** your blood.

- Promotes healthy red blood cells repelling each other due to its electrical charge, allowing ample carrying capacity of oxygen and nutrients to the brain and body to **regain alertness and energy**, thus thereby combating fatigue.

USAGE & APPLICATIONS

- **Use before, during and after consuming alcohol.** A unique remedy for a hangover, designed to curb the effects of excessive alcohol use. Get relief within 30 minutes of intake.

- For a **headache-free next morning**, take 500ml before going to bed and another 500ml when you wake-up. When **taken before and during alcohol intake**, your liver is able to curb the alcohol effect more effectively.
